Dear Friend:

If you've ever doubted the expert's stories about how they made obscene amounts of money in short periods of time... this could be the most important letter you read all day.

See... I used to be just like you. Call it skeptical, but I always thought, "**Too good to be true**".

The stories were intriguing, for sure... but I'm the type of person that won't believe anything until I see it with my own two eyes.

...And then I found the formula.

It took me a few years to perfect it, but the fruits of my labor finally paid off as I was able to rake in **\$24,000 in "free money"... in one hour.**

(Actually it was more like 45 minutes... but I was told people won't believe me if I say that.)

The point is,

"Anyone Can Copy The Exact Methods I Used To Rake In \$24,000 (NET Profit) In One Hour!"

A lot of people think you need to be a "guru", or at least be in the "Inner Circle".

That couldn't be further from the truth.

If you know how to find the opportunities (for this, all it took was going to a specific website I'm going to tell you about)... you have just as much chance to succeed as anyone else.

You don't even need a list (although I'll admit it's easier that way).

In fact, everybody and their brother was promoting this specific offer...but the specific tactics I implemented allowed me to **blow past** people with lists triple the size of mine.

Since I made the \$24,000 I've had a few people ask me if I could coach them one-on-one on how to run their own mega-valuable promotions... but I simply don't have time.

However, I did come up with a solution. You too can...

"Listen In As I Reveal The 'Down And Dirty' Secrets That Drastically Increased The 'Thump Value' Of My Wallet."

My good friend Brian Edmondson and I got on the phone and he grilled me on exactly how I was able to make \$24,000 in one hour. (*That's *actual* commissions... NOT sales*)

On the call I revealed it all:

The #1 most crucial technique to use when trying to sell someone else's product (especially if there's a lot of competition)...

What I believe is the quickest, easiest, and most profitable way to make money online...

How to get a top-notch professional website set-up for pennies on the dollar...

How to find out about major launches before they even happen (and how you can prepare)...

The exact time you need to enter a promotion (If you're too late, you could destroy your chances for success.)

Something I did that pushed me far out of my comfort zone... but ended up being one of the best business decisions I could ever make...

The best affiliate programs to get into (If you try to promote everything you'll just overwhelm yourself... there's precise criteria I recommend using.)

Why so many Internet Marketers come and go, and how to be here for the long-haul... (Hint: It's not all about mindset.)

How to pick the very best bonuses... (So many people just don't get this.)

A dirty trick that ensures your emails are read during launch-time...

How to make sure people don't "accidentally" screw you over...

Cleverly disguised tricks that give you a distinct edge over everyone else...

A "non-negotiable" in promoting affiliate programs...

A 20 second litmus test that shows you if people are going to want to buy something...

Where to find high-quality copywriters that'll work for peanuts...

The unexpected secret to getting copy from top-notch professionals for cheaper than you ever thought possible...

Secret weapons that'll exponentially increase the value of your offer...

The exact process that you NEED to make people go through before they buy from you (Don't do this and you can kiss thousands of dollars away.)

How to create the ideal situation for people to buy from you...

And once you listen to all the secrets... **there's no doubt in my mind that you'll be able to**

duplicate exactly what I did.

The best part is,

"You Can Instantly Bump Yourself Into The Next Bracket With These Overlooked Secrets."

...Because I've made this 1 hour and 6 minute call **fully downloadable**.

You can put it on your iPod or a cd... listen to it in your car or at the gym...on the computer...however you best learn.

And on top of that, I'm going to also give you one of my best-selling books, "**Affiliate Marketing Revealed - 25 Things You Must Know**".

However, I won't be charging that.

I won't even charge \$297, \$197, or \$97.
